

CITRUS DEGREASER

D.O.-1000 PURE CITRUS EMULSION**FEATURES**

- Emulsifiable Citrus Degreaser
- Degreases and Deodorizes
- Ideal for use on concrete floors and metal surfaces
- 100% Organic
- Environmentally safe; Non-Acid, Non-Caustic, Non-Corrosive
- Contains no Petroleum Distillates

PROPERTIES

Appearance: Clear liquid with citrus odor.

Boiling point: 320 °F

Specific gravity: 0.85-0.87 gr/cc

Non volatiles: 80-90 %

Solubility in water: Soluble

Flash point: 121 °F

Storage stability: Keep away from direct sun light and open flames

pH of liquid: (in emulsion) 7-8

Flammability: Flammable

Packaging: 5 gallon Pail
55 gallon Drum

- Properties are typical and subject to usual manufacturing tolerances.

DO-1000 is a natural formulation designed with Today's safety and environmental regulations in mind. Powerful natural degreasers, emulsifiers and penetrants have been specially blended to outperform the conventional hazardous solvent mastic remover. DO-1000 is a multi-purpose concentrate which emulsifies and dissolves mastics, glues, greases, oils and fats without the use of harsh acids, alkalis or petroleum solvents. DO-1000 is 100% organic and free rinsing, with a strong citrus fragrance and no harmful vapors. This allows for a wide variety of uses indoors and out. DO-1000 can be used to remove resins, adhesives, inks, decals, tar, tire marks, and asphalt and can even be used on a weekly basis to keep drains and pipes free flowing and sanitary. Refer to the label and SDS for instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
