SPECIALTY CLEANER

GLASS & TILE DESCALER

FEATURES

- Safe Acid Cleaner
- Non Toxic, Non Fuming
- Removes stains from glass, ceramic and metal fixtures
- Rust removing
- Easy to use and safe for the environment
- Fast action
- Low foam surfactants for easy rinsing
- Pleasant fragrance

PROPERTIES

Appearance: Transparent liquid with pleasant odor.

Boiling point: 212 °F

Specific gravity: 1.08 gr/cc

Non volatiles: 15-20 %

Solubility in water: Soluble

Flash point: None

Storage stability: Min. 1 year

pH of liquid: Very Acidic (2-3)

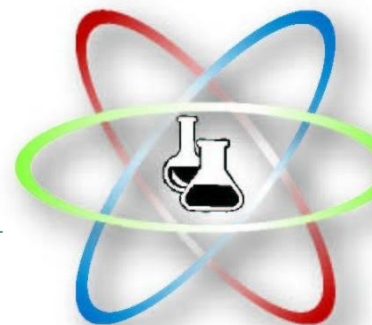

Flammability: Non-Flammable

Packaging: 12x1 quart Case
4x1 gallon Case
5 gallon Pail

- Properties are typical and subject to usual manufacturing tolerances.

GLASS & TILE DESCALER is a concentrated blend of inorganic acids and surfactants, formulated to remove scale deposits and effectively clean and de-stain glass, ceramic surfaces, bathroom fixtures, showerheads and grout. It is safe to use, non toxic, non fuming and does not damage glazed surface on ceramic tiles. GLASS & TILE DESCALER can quickly remove residues and stains caused by mineral deposits, organic soil, soap scum and dirt. It can be used to effectively clean sprinkler heads and watering systems. Use around the pool to clean and de-scale tiles, glass windows and glass doors. To use, pour a small amount of undiluted product on the surface to be cleaned or dip soak, let stand for a few minutes to allow for cleaners to act. Brush the surface or apply water pressure to remove heavy soil. Rinse with water or collect with a wet vacuum. Handle product with care as it contains strong acids. Refer to the attached SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
