LAVA POTES is a gentle cleanser for chrome and soft metals.

LAVA POTES is ideal for cleaning parts or chrome parts and soft metals such as aluminum, magnesium, fiberglass, plastic, household goods, etc.

LAVA POTES removes dirt such as grease, soap scum, light rust, scale of mineral salts, etc. metal surfaces, enamel and ceramic or fiberglass.

DIRECTIONS:

1. Apply LUSTRA SUPER on a wet sponge
2. Wipe the surface gently to monitor the removal of dirt
3. Rinse or remove product residue with a wet towel.
4. Repeat if necessary

PRECAUTIONS:

It is important to use a damp sponge to prevent scratches on aluminum and/or glazed. Refer to the label and SDS for instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron
