- Pleasant citrus aroma

**PROPERTIES**

**Appearance:** Clear amber liquid with citrus fragrance.

**Boiling point:** 212 °F

**Specific gravity:** 1.05 gr/cc

**Non volatiles:** 28-32 %

**Solubility in water:** Soluble

**Flash point:** None

**Storage stability:** Keep away from reactive metals and acids

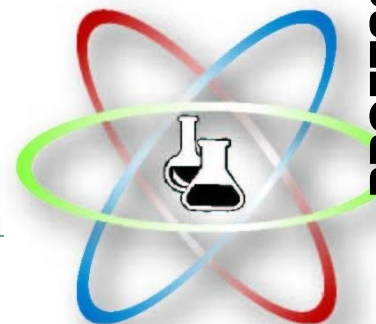

**pH of liquid:** 10-11

**Flammability:** Non-flammable

**Packaging:** 5 gallon Pail  
55 gallon Drum

ONE NATURE SHOT is a concentrated, natural and heavy-duty laundry detergent for Institutional, Commercial and Domestic use. Use in mechanical or electronic dispensing systems at a dosage of 6-8 oz per 50 lbs linen load, depending on soil conditions and fabrics. ONE NATURE SHOT can be used with hot or cold water and tolerates water hardness up to 400 ppm or more of dissolved solids (>20 grains). Water should be checked for the presence of iron or metals before washing since they tend to change the fabric's appearance. Use with all types of fabrics and linen, as ONE NATURE SHOT is color safe and leaves a pleasant aroma. It can be used for ready to wear fabrics, however rinsing is recommended and a softener can be added. Refer to the label and SDS for instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
