

**METAL TREATMENT****RUST-X-SUPER Spray**

F E A T U R E S

- Two in One Rust Treatment
- Neutralizes Rust
- Leaves Black Iron Salt Protective Coating
- Prevents future rusting for up to 1 year
- Fast Drying, Easy to use
- Quick conversion action
- Ideal for small in the field jobs
- Can be used on moderate rusted parts without the need to sand down
- May be painted over

P R O P E R T I E S

**Appearance:** Milky amber /beige liquid.

**Specific gravity: (liquid)** 0.80-0.90 gr/cc

**Non volatiles:** 2-5 %

**Solubility in water:** Soluble

**Storage stability:** Keep away from strong oxidizers

**pH of liquid:** 4-5

**Flammability:** Flammable aerosol

**Packaging:** case 12 x 11 oz cans

- Properties are typical and subject to usual manufacturing tolerances.

RUST-X-SUPER Spray is formulated with penetrating solvents and acids that react with rust and leave a black treated surface. It converts rust into a stable iron-salt coating. It also prevents future rusting for up to one year. RUST-X-SUPER Spray is very easy to use by just spraying on the whole surface to be treated. It combines two steps in one; a single application neutralizes rust and leaves a protective black, stable, and rust resistant surface. Product will dry within 15-20 minutes and it can easily be cleaned up by washing down with water and soap before it dries.

Refer to the label and SDS for instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
