- Can be diluted
- Non-acidic, non-alkaline
- Does not contain ammonia
- **Contains ingredients listed on the EPA's Safer Choice Pro-**

PROPERTIES

Appearance: Clear dark blue color liquid with no characteristic odor.

Flash point : Non-flammable

Specific gravity: 0.98-1.02 gr/cc

Non volatiles: 3-5 %

Solubility in water: Soluble

Chemical type: Glass cleaner

Storage stability: Very stable

Boiling point: 212 ºF

pH : 7.5-8.5

Packaging: 4 x 1 gallon cases
12 qt. cases
5 gallon pails
55 gallon drums

- Properties are typical and subject to usual manufacturing tolerances.

FOCUS is a concentrated glass cleaner that can safely be used to remove soils, light greases and oils. It is ideal for use on most surfaces such as glass, mirrors, and marble, and does not require excessive scrubbing or rinsing.

FOCUS can be diluted with up to 15 parts of water and still perform well. It can be used in bathrooms, on floors, painted walls, plastics, rubber, metal surfaces and for most housekeeping requirements. Simply apply by spraying directly onto surface and removing with damp cloth. **FOCUS** does not leave oily residues, streaks or smears and when used regularly, creates an invisible barrier that provides an excellent water repellant and scratch resistant surface. Avoid contact with eyes. Keep away from reach of children. Refer to the attached SDS for additional precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by Chemtron.
