Storage stability: Keep away from high temperatures, open flames and oxidizers

pH of liquid: 8-9

Flammability: Non Flammable

Packaging: 12 quarts case
4x1 gallon Case
5 gallon Pail
15, 30 and 55 gallon Drum

- Properties are typical and subject to usual manufacturing tolerances.

Sun Block Remover is a water based spot cleaner and stain remover for use in a pre wash applications or during the first washing cycle. It contains concentrated emulsifiers, solvents and surfactants to help remove most types of stains and oils. Handles most types of stains from sun tan, sun block oils, make up oils, lip stick wax and other soils

Sun Block Remover is effective when applied/sprayed directly on stains. It can also be added to a pre-charged load at a concentration of 8 to 10 oz per 100 lbs load.

Sun Block Remover can also be used on kitchen items such as tablecloths, mops, rags, and towels, heavy linen, curtains and rugs. To remove heavy soils, oils, grease and non-petroleum based oils, **Sun Block Remover** should be used as in a presoaking application. It is ideal for all types of fabric and it is not affected by hard water or by pH changes. Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by Chemtron.
